# SUSTAINABLE TOURISM

**3<sup>rd</sup> International Conference on  
Sustainable Tourism**

August 20<sup>th</sup> and 21<sup>st</sup>, 2021

## About the Conference

Tourism is one economic sector in India that has the potential to grow at a high rate and ensure the development of infrastructure in the destinations. It has the capacity to capitalize on the country's success in the services sector and provide sustainable models of growth. Sustainable tourism development will include advancing some of the niche tourism products or developing additional niche products such as adventure, medical, wellness, golf, polo, cruise, meetings incentives conferences & exhibitions (MICE), pilgrimage / spiritual travel, film tourism and eco / wildlife / caravan tourism.

After the tremendous success of the First and Second Edition of the Conference, we are happy to announce the Third Edition of the Conference. It will be an ideal platform for high-level theoretical research and empirical studies with policy-relevant analysis in regard to tourism and allied industries. It is designed to be an influential and challenging intellectual confluence not only for the business world but also for the society at large. The conference is an open platform for collaborations with National and International public and private research institutions, governmental bodies, professionals, representatives of industrial groups active in the policy arena and various stakeholders in the travel and tourism industry. We are collaborating with a number of national and international organisations for this conference.

## Touriosity Travelmag

Touriosity Travelmag is a flagship brand of Afield Touriosity Private Limited. The following are its salient features:

- It is the only English Travel Magazine from Eastern India
- It is one of the premier English travel publications of India since 2012
- It is the only sub-theme based travel magazine in the world
- It is a research-based travel publication
- It has worldwide readers and subscribers
- It has writers and contributors in various countries across the world
- It has been the Media Partner of many international events and the only Media Partner for a series of Mountaineering Expeditions across the world.

Published from Kolkata, **TOURIOSITY TRAVELMAG** quite aptly introduces readers and travellers alike to off-beat travel destinations while also reviewing the more popular ones. It brings to readers travel stories and experiences from a variety of writers across the globe including travelling poets, writers, cartoonists and artists to backpackers globetrotters, mountaineers, family holidayers, single women travellers, mothers, student travellers, adventure seekers and business travellers. Reading through it is therefore an overwhelming experience. Due to its uniqueness, the magazine has been steadily gaining in popularity among travel aficionados all over the world. It is a household magazine which is read and enjoyed by all family members irrespective of age and gender. With a selection of interesting travel topics covering locations ranging from known, less known, little known to totally unknown, it is determined to suit the taste of all types of readers, travellers and enthusiasts. Due to the unique feature that the issues of this magazine are theme-based, collectors love to add it to their collection of books. For the same reason, the magazine has made its place in acclaimed libraries across India as well. From the very first issue of 2012, the magazine has been spreading the message of sustainability and inspiring its readers to be responsible travellers.

## Tracks for the Conference

- 1** Sectoral analysis of traditional tourism practices vis-a-vis sustainable tourism principles
- 2** Economic efficiency of eco-tourism business with sustainability practices through traditional outdoor activities like hiking, canoeing, hunting, fishing, as well as traditional touring experiences like scenic drives, shopping for local goods, and visiting local natural and cultural landmarks
- 3** Global standard and best practices of sustainable tourism: Assessing the effectiveness and determination the barriers of social change for sustainability
- 4** Understand park planning principles and procedures and the major phases of facility design
